Countertop Shield

A Retail and Healthcare Solution for Reducing the Spread of Germs

Quality Guaranteed

Built from durable, clear acrylic with solid aluminum frame to match the requirements of high traffic retail environments.

Safer Interactions

Put your customers at ease with a visible barrier that allows for face-to-face interaction while still maintaining separation of personal space.

Protect Your Employees

May help shield customers and employees from unintentional exposure to a sneeze or cough during transactions.

Essential for Business

Ideal for essential businesses such as convenience, grocery, retail, medical, dental, and pharmacy settings.

- ▶ Made in the USA

Retail POS Countertop Shield

A Retail Solution for Reducing the Spread of Germs

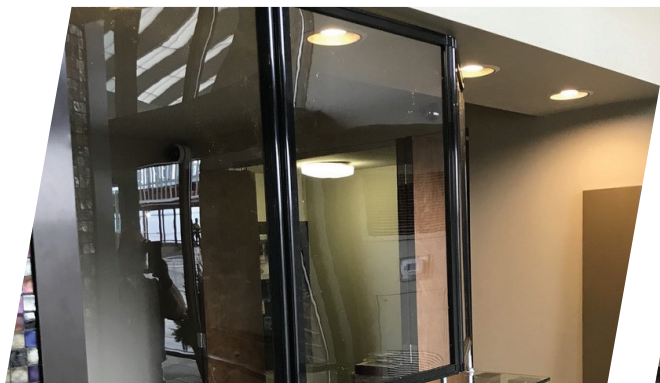

Product Features

| | |
|-------------------|---|
| SOLID | Aluminum frame and clear acrylic construction. |
| PORTABLE | Fully collapsible; panels 9 of the 3 panel units stack onto one another at a depth of 3 inches. |
| CLEANABLE | Able to be cleaned with wipes, bleach, or any common disinfectant. |
| SOLID | An opening at the bottom of the partition allows for the transfer of small items, papers, or payment for transactions. Feet risers allow cables for Credit/Debit to fit under the screen without additional check out modification. |
| FUNCTIONAL | Barcodes can be scanned at checkout through the clear acrylic, preventing physical contact from transferring products. |
| SAFE | Aluminum frame and clear acrylic construction |
| DIMENSIONS | <p>Each panel if the 3 panel screen measures 3ft-$\frac{3}{4}$ in tall x 2ft-2 $\frac{3}{4}$ in wide, with a variable depth using included hardware of 1 $\frac{1}{4}$ - 2 $\frac{1}{2}$ or 4 $\frac{1}{2}$ in gap at base. Overall length when straightened is 6ft- 8in wide.</p> <p>Single panel screen measures 29" tall x 32.25" wide with a bottom open window of 6.5" x 30".</p> |
| STABLE | <p>Each panel weighs 24 pounds, providing sturdiness so it is not easily tipped over. Additionally, adhesive strips or glue can hold the feet in place for added stability.</p> <p>Single panel has large feet on both sides that can be screwed to the countertop for added stability.</p> |
